Andrea/Leanna,

US Magnesium is interested in performing work on the Great Salt Lake and requests a pre-filing meeting required for Section 401 Certification.

US Magnesium has also requested a pre-application meeting through the USACE Bountiful office for the same proposed work.

Please let me know if you have any questions. Thank you.

Regards,

Tim Gribben

Tim,

The DWQ will plan on attending the joint pre-application meeting that the project is scheduled for. When possible we like to prevent duplication of efforts.

-Leanna
